

Wheel Stop

- Constructed of heavy-duty steel
- Four 3/4" wedge anchors create a secure hold
- 2" height, 6" width & 42" length to stop most forklifts
- Powder-coated safety yellow for high visibility

Areas for install

Wheel Stops are a simple, effective tool that prevents forklifts from bumping into, or even driving on, stretch wrapper turntables.

This durable & long-lasting piece can save thousands of dollars when factoring in repairs to damaged machines and lost production with down time.

42" Wheel Stop shown protecting stretch wrapper turntable from forklift tires

Wheel Stops can be anchored anywhere around the turntable to provide protection wherever it's needed

Model Number	Description	Overall Height (in.)	Overall Width (in.)	Overall Length (in.)	Weight (lbs)
RP-42WS-HD	Wheel Stop	2"	6"	42"	41

**suggested 3/4" anchoring wedge bolts sold separately*
